

*August 12, 2006*

*Exciting things are happening at HunterCouture! I am very pleased to announce that HC has a new headquarters as of September 1<sup>st</sup> watch for your Grand Opening Invitations! The new studio will feature a client consultation/reception area, a princess play area, and a modernized design studio.*

*The design team has been very busy with the production of the 2007 Spring/Summer line as is very happy with the feedback we have received from some of North America's leading couture houses in regards to exclusive lines. The collection will be very sophisticated romantic and feminine. The textiles have been imported from the finest manufactures of Dupioni Silk in India; recognized as the best in the world.*

*HC's very good friend Mr. Jim Tobler has written a piece about HunterCouture which will be published in the fall edition of NUVO magazine; available September 1, 2006. The photo that will be featured is Delilah, Charlotte and Celina. The art director did comment on the magnificence of all the photos and how difficult it was to make the selection.*

*The fall calendar of events is currently under review so please check back for further information.*

*My lovely assistance, Miss Jinny Jung has had an injury but is on the road to recovery. Thankfully her lovely family has arrived from Korea in time to nurse her back to health and I would very much like to welcome them to Canada. Aza aza Jinny!*

*Unfortunately HC has had to bid farewell to Mr. Craig Milliken-Smith and his beautiful family due to relocation but we will continue our alliance; how could I stand to let go of those gorgeous triplets!!!*

*HC would like to thank all of our friends for your support and assistance during our expansion phase.*

*I hope that you all have had a wonderful summer filled with love, fun and relaxation.*

*Till next month;*

*Sherilyn Hunter*
